ORIGINAL BMW MOTORRAD ACCESSORIES

High Performance Parts

HP footrest system for rider and pillion passenger

The CNC-milled HP footrest systems not only look great, but they're also extremely functional. Numerous adjustment options offer the rider everything he could ever wish for in terms of ergonomics and sportiness.

HP gearshift assistant

Seamless acceleration without shutting the throttle or touching the clutch lever and ten times faster than normal gear shifting. Also available as a factory fitted option.

HP clutch and brake levers

The CNC-milled HP clutch and brake lever, made from corrosion-resistant anodized aluminium, combine good looks with superlative functionality. Adjustable to the ergonomic needs of the rider, a pivot mechanism also reduces the risk of deformation or breakage in the event of a crash.

High Performance Carbon Add-On Parts

High Performance parts lend an air of outstanding performance: refined, sporty, exclusive and at the same time strong. Every part is a masterpiece in itself. If it's perfection you want, you'll find it here. Add-on parts in carbon – the ultimate lightweight material – combine a sophisticated look and technical expertise.

*3 Not in combination with HP carbon heel guard

*4 More detailed information can be obtained from your BMW Motorrad dealer or on the Internet at www.bmw-motorrad.co.uk

ORIGINAL BMW MOTORRAD ACCESSORIES

Storage options

Tankbag

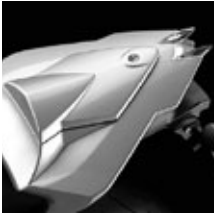

With 5 litres of storage space and a small map pocket, the stable, waterproof tankbag is the ideal place for small items such as mobile phones or cash. It is attached easily via the supplied aluminium attachment rail, which can also be used as camera tripod mount.

Rear bag

The volume of this sturdy, waterproof rear bag made from easy-care material can be increased from 25 to 29 litres. It is coordinated perfectly with the design of the S 1000 RR, and can also be used at higher speeds (up to 220 km/h).

Design options

Plastic rear seat cover in the vehicle's colour

Fitted instead of the pillion seat. Lends the S 1000 RR an even sportier look. It also increases the storage room under the seat.

LED indicator lights

Their design and function truly does lead the way. Visually coordinated to match the S 1000 RR perfectly, the LED indicator lights shine with a reduced power consumption and significantly extended service life.

Sound components

Akrapovič sports silencer

High-end perfection: made entirely from titanium, with carbon end cap and heat guard as well as lasered Akrapovič logo. Excellent sound makes every journey a sporty experience for the ears too.

*5 Alternatively, the lock cylinder on the passenger seat can also be removed and used

*6 Only in combination with standard footrest system

*7 For availability, please contact your BMW Motorrad dealer

*8 Without road approval

*9 Not in combination with hump cover

*11 Installation / operating instructions are available from your BMW Motorrad dealer

*12 Only in combination with sports auxiliary stand, rear

ORIGINAL BMW MOTORRAD ACCESSORIES

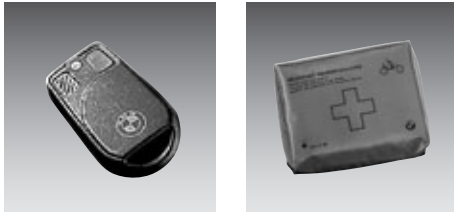

Ergonomics and comfort options

Tinted windshield, high windshield and high tinted windshield

A cool look and / or better wind protection? It's your choice. The tinted version of the standard windshield provides an even sportier look. The high windshield also improves wind protection and is also available in a tinted version.

Safety options

Anti-theft alarm system

The system responds to changes in position and jolts with a clearly-audible signal and flashing hazard warning system. Can be conveniently operated by remote control. Also available as a factory fitted option.

First aid kit

Complies with the DIN standard for motorcycle first aid kits. Space-saving and waterproof design.

Maintenance and technology accessories

Battery charger

Constantly charges the motorcycle battery.

Sports auxiliary stands

The stable auxiliary stand keeps your S 1000 RR safely in position with very little physical effort on your part, making maintenance work much easier.
